Hopper Jewelry Given Outstanding Appointment

One of the most important business announcements for the people of Sierra Madre is the one made this week by Byron Hopper, local jeweler, when he was appointed the authorized agency for the world's most wanted watch, Omega, the watch for a lifetime of proud possession.

If you want to see Byron go into a dither, just walk into his place of business at 90 W. Sierra Madre Blvd. and mention the word "Omega." As Byron will explain, "Omega is known the world over for the highest precision and accuracy of any watch on the market." Further, he will tell you, "Omega is the watch that times many of the Olympic Games, where a difference of one tenth of a second can mean a new world's record."

"Yes, Sir," continues Byron, "Omega is the most wanted watch, and the prices start as low as seventy-five dollars to over a thousand."

Of course, Byron Hopper, Jeweler, is always at the forefront with the best in all merchandise and he also includes among his proud presentations the new electronic watch, "Acutron," and the world's fastest selling watch, "Hamilton." And so that he can take care of all his customers' desires, he carries a large stock of America's lowest priced watches, "Timex," at the low cost starting at six ninety-five.

The girls of the area all have kind thoughts and kind words for Byron Hopper because he proudly presents the Art Carved and Keep-sake Diamond line and they love to drop in and look over his fine selection.

Medicare Information Kits Mailed Out This Month

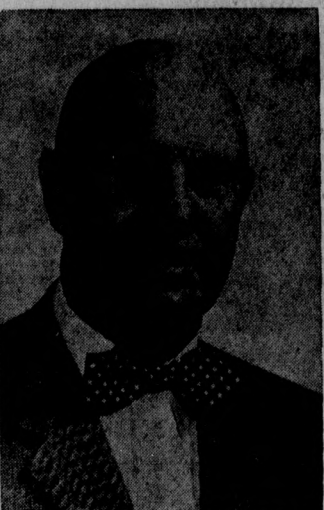

Some 2½ million Medicare information kits will be mailed this month to the nation's elderly social security and railroad retirement beneficiaries, according to the Social Security Administration, U.S. Department of Health, Education and Welfare.

Social Security Commissioner Robert M. Ball said that each week following from September through November, there will be additional mailings until all 15½ million beneficiaries 65 or over have been sent the information about their health insurance protection.

Each kit contains a booklet explaining to the older persons what health services they receive under the basic hospital insurance plan and what additional supplementary protection is available under the voluntary insurance program.

People on the social security and railroad retirement rolls need take no action to get the basic hospital insurance protection, Mr. Ball said. But they must inform the Social Security Administration of their wish to take the voluntary medical insurance.

With the mailing is an enrollment card. It is a punch card with the name and social security number on it and, according to Commissioner Ball, an extreme-

BYRON HOPPER
Jeweler

Byron Hopper, Jeweler, this spring celebrated his 26th anniversary serving satisfied customers not only in Sierra Madre but the whole of the San Gabriel Valley, and many have looked up to him as one of the most successful in his field. When asked as to the honor of having this title, Byron only shrugs his shoulders and says, "Customers and their desires are my prime purpose for being in business . . . a satisfied customer always returns and brings his friends," and he concludes, "If I am successful and all that people say I am, I attribute the entire story to my thousands of wonderful customers and a fine wife."

ly simple form. The beneficiary will be asked to mail it back in a postage-free envelope—indicating whether the supplementary medical insurance that will cover doctor bills and other medical services is desired. This can all be done by mail.

Kiwanis Club Hears United Way Speaker

The Sierra Madre Kiwanis Club met Tuesday, September 14 for their regular luncheon-meeting in the Sierra Madre's Women's Club House, and Paul Carter, campaign chairman for the United Crusade introduced the guest speaker, Phil Schneiderman.

Phil is area executive for the Foothill Area United Way, member of the Pasadena Rotary and vice president of Don Benito PTA. He resides in Hastings Ranch with his wife and two children.

Phil treated the local Kiwanians to a film strip entitled "A Search for Many Wonders," in addition to his most interesting talk on "The United Crusade and You."

Kiwanis President, Dr. David Kirkpatrick, presented the club with a patch for the club banner, denoting the Kiwanis Club's representation at the historic Golden Anniversary Convention in New York City.

The local Kiwanis Club was congratulated on their support that helped make the convention one of the most important occasions in the 50 years of Kiwanis' history.

State of Maine Picnic Sept. 19

A picnic of the Pasadena State of Maine Association will be held on Sunday, September 19, at 4 p.m. at the park at Bolsa Grande High School on Westminister Boulevard between Magnolia and Brookhurst, Garden Grove, Calif. Meet at "Rocket."

Bring own food and one dish to share. All former residents of Maine, their families and friends are invited. For additional information, call 222-2374.

To Build A New Church In Future

Presiding over her first meeting of the Women's Council of Assumption Parish on Tuesday, September 7, at 8 o'clock p.m. in the social hall was Mrs. James J. Fay, the new president of the group. She put humorous emphasis on rules from an official handbook for officers and members of an organization to bring out the responsibilities of every constituent.

Father Timothy J. Crean, pastor of Assumption of the Blessed Virgin Mary Church traced the growth of the Archdiocese of Los Angeles and the local parish over the past 18 years and stressed the vital role of parish women in building both material and spiritual development. Since the parish plans to erect a new church, he asked for particular aid and enthusiasm at this time.

Chairmen of the various committees outlined work for the year and encouraged members to associate themselves with a working unit.

Flint's Galley Introduces Unique Crew

Flint's Galley, one of Pasadena's newest restaurants at 3768 E. Colorado Blvd., has had a unique international crew "on board" since they opened this summer. The crew and their countries are: Irma Miller from Germany, Gloria Bautista from Columbia, South America, Mary Weaver from Mexico, Al Mallory from Canada, Mary Swenson from Sweden, Peter Edwards from Indonesia, John Wadleigh from Italy, Kim Murakami from Japan, Steven Flint from the United States and Raymond Ma from Hong Kong.

One of the international crew, young Raymond Ma, thought it would be nice to get a job to keep busy while he was spending six weeks as the houseguest of Mr. and Mrs. Audre Stong, 3150 San Pasqual St., Pasadena. He didn't really need the paycheck because his father, Sui Pin Ma, is a retired import-export dealer in Hong Kong, but the money will come in handy when he enters the University of Wyoming as an architectural student.

Raymond's job, his first, as a bus boy at Flint's Galley, turned out to be such a fun-experience for him that he spent many hours of his free time making a beautiful model of a clipper ship to present to his boss, Bill Flint. Following Raymond's presentation of the ship, the Galley crew in turn gave him a going-away gift in appreciation for his friendship and for the elaborate model he had made for all of them to remember him by.

Red Tag At 333 Grand View May Create Many Problems

With Mayor Abernethy on vacation and Vice Mayor Rule in command, the City Council realizing that they had until January 13 to put into effect a satisfactory ordinance for hillside development, again set October 19 at the hour of 8 p.m. as the time and place that they would meet with the Planning Commission and attempt to iron out all the pros and cons of the now proposed amendment.

It was felt by the Council that this step in "law making" should not be rushed into, and that by devoting a complete evening by the Council and Commission that a suitable solution could be had. According to City Attorney Martin, to accomplish the purpose by the deadline of January 13 (the now ending date of the emergency ordinance) it will be necessary to have completed all their study sessions and have the new proposed ordinance in legal form with its first reading to be held November 23; the second reading December 14 and it then becomes law thirty days thereafter.

Legion Auxiliary Holds Meeting

The Sierra Madre American Legion Auxiliary met Thursday, September 9, at the home of Thelma Proctor, President. Effie Pratt was welcomed back after having foot surgery. Child welfare chairman, Lucile Pickett outlined the various projects of the year's activities, including, combating juvenile delinquency, assisting American Indian children, safety precautions for bicycle riders etc. Foreign relations chairman Amy Beisel told members that the Philippines will be the country studied and assisted by the organization this year. Money will be donated through CARE to buy tools and build schools in backward communities. In this way, it is hoped that the tide of Communism may be arrested.

Bonelli Halts Draining Of Dam Pending Negotiations

Spurred on by Supervisor Frank G. Bonelli, the County Board of Supervisors recently ordered a halt to the releasing of water from Puddingstone Reservoir south of San Dimas until County Flood Control District officials can meet with Metropolitan Water District authorities to assure acquisition of water to refill it.

The stop order came shortly after County Flood Control District personnel began draining water from the 6,100-acre-foot earthen dam, which doubles as a popular boating and recreational area. Some 20 acre feet of water had been released.

Flood control officials explained that they have been arranging for more than a year for the reservoir's drainage based on a plan of exchange of water through the M.W.D. and its agencies, so that they can take a "good, hard look" at the inside of the dam as it has been continuously full at the 938 foot level for nearly ten years.

"I want everyone to know what this is all about," Supervisor Bonelli declared. "If the water at Puddingstone is released and it later develops that water to refill it cannot be obtained quickly, I want everyone to know why. A dry Puddingstone Dam could have catastrophic results, especially to the communities surrounding it as well as to the East

National Child Safety Week

During the September 13-18 period, there will be a nationwide observance which deserves the wholehearted cooperation of everyone in this country. It is National Child Safety Week, and its purpose is to instill in the minds of our school children sound and proven safety practices.

The toll of injuries and deaths that accidents take from our youngsters is appalling. It is true, of course that children are naturally adventurous. They look to try new and fascinating things — some of which are filled with hazards. Being immature, they are frequently thoughtless — as grim news items which tell of children running out from between parked cars into traffic-heavy streets and there being run down attest. The rules of safety must be everlastingly emphasized to them if tragedy is to be averted.

Adults must do the teaching. And adults must also advance the cause of safety by example. We read of children who drown because their parents allowed them to swim alone or in dangerous waters. We read also of parents, with their children, venturing out in overloaded boats and swamping, often with loss of life. And, in innumerable instances, motorists callously fail to take the proper precautions when passing schools and playgrounds.

So the story goes. It is a story which can be brought to an end if we all will participate in National Child Safety Week — and then apply the lessons for all the weeks that are to come.

Music Albums and Paintings on Display at Sierra Madre Library

One may be reminded of the world of music this month at the Sierra Madre Public Library. Preceding the present display were many albums which have been added to the Library's collection by the Friends of the Sierra Madre Library. The following is a partial list of some of the new albums: "The Sorcerer's Apprentice," "Till Eulenspiegel's Merry Pranks" by Strauss; Horowitz' In the First Recording of Beethoven, "Pathetic Sonata," Debussy's "Three Preludes," Chopin, "The Two Etudes," Leonard Bernstein's "What Is Jazz," "Song of the American Land," Medieval, Renaissance and Baroque Recorder Music, Selections from Shakespeare, by Maurice Evans, Aaron Copland's "Appalachian Spring," Joan Baez, "Anthems of All Nations," The Friends of the Sierra Madre Library contribute through many channels to the cultural heritage of the community.

In the display itself one finds an autographed picture of Van Cliburn, a friend of the exhibitor, Mr. Francis Leach, a Sierra Madre piano teacher and radio personality. Of more than casual interest is a program from the opening of the new Los Angeles Music Center with two autographs, one of Van Cliburn, and the other one of Gregor Piatagorsky. Senior Citizens Met Sat., Sept. 4

The members of the Senior Citizens' Sierra Madre Club met Saturday, September 4 at the Park House. Lillian Casson, a former member visited from La Jolla. She reported that there would never be another Sierra Madre anywhere.

Ann Franz was a guest from Hollywood. Maybelle Barker, publicity chairman, is visiting in Long Beach. Ozella Lynn moved to Phoenix.

President Roland Ridge-way read Ogden Nash's "Feminine Gender" and Ruth Sheldon read "Slow Me Down Lord."

The Farnsworth Picnic to be held September 15 from 10 to 5 was announced. Margaret Seemore joined the club.

Adelaide Kirk read a thank-you note from Bernice Olson for roses she received from the club while at the hospital for surgery. Cards rounded out the afternoon.

Casa Colina Patients Visit Movie Studio

Fifteen handicapped patients of Casa Colina were guests of Universal Studios this week when they toured the sets of McHale's Navy and The Munsters. Ernest Borgnine visited with the patients signing autographs and "Herman" of the Munsters delighted them with his antics. Stunt men also performed for them.

Mrs. Barbara Zahn, volunteer at the Center, arranged the trip. Recreational trips are included in the program of rehabilitation at Casa Colina as professional staff members feel recreation is an integral part of the patient's therapy schedule.

Awarded Diamond Pin

Dorothy Koenig Honored For 30 Yrs. County Service

Mrs. Dorothy Howe Koenig of 85 E. Miramonte, Sierra Madre, was recently honored at a special ceremonial luncheon at Descanso Gardens, La Canada, on completing 30 years of service to Los Angeles County. Mrs. Koenig was awarded a diamond-studded pin in a joint presentation by Richard White, Chief Deputy to County Supervisor Ernest E. Debs, and Norman R. Shaffer, president of the 30,000-member Los Angeles County Employees Association.

Mrs. Koenig, a Consultant of Elementary Curriculum in the County Superintendent of Schools Office, began her county career in 1935. She said that her county employment has given her "an opportunity to serve the children, teachers and administrators of Los Angeles County, and an

opportunity to grow as an individual."

Dorothy, a native of Los Angeles, has one daughter and three grandchildren. She obtained her teaching credential from the University of California; advanced work at Claremont College, Pepperdine College and Occidental College; and was given her master's degree by the University of California at Los Angeles.

In addition to her traveling experiences (England, Scotland, Norway, Sweden, Denmark, Holland, Germany, Switzerland, Austria, Yugoslavia, Italy, France, Hawaii, Mexico, and Alaska), Mrs. Koenig enjoys her home, gardening, family, friends, and entertaining.

Paul Ax Now New Librarian

The Sierra Madre Public Library Board of Trustees announces the appointment as new city librarian of Mr. Paul Ax, formerly head of Extension Services at the Tucson, Arizona Public Library.

Mr. Ax, a graduate of Brooklyn College who took his master's degree in library science at Indiana University, brings a broad background of experience to his position, having directed Air Force libraries in Japan and Korea prior to his Tucson post.

He has just returned from a vacation in Europe, and will settle with his charming wife in Sierra Madre.

CW&T Starts Tuition Aid For Employees

California Water & Telephone has undertaken a Tuition Aid Program which will provide financial assistance to its employees in this area, who of their own volition undertake formal educational courses to improve their job performance and to prepare for greater responsibilities in the future. It was announced this week by Fred Hacquebord, the firm's district manager. "The program is being adopted," Hacquebord said, "in recognition of the value of individual efforts toward self-development and to encourage such development for the mutual benefit of the employee and the company."

Tuition Aid will be extended to all regular full-time employees and will encompass applications for enrollment in public or private schools, trade or correspondence schools, colleges or universities, provided these institutions are recognized by one of the approved accrediting associations, it was stated.

"The employee is expected to enroll in courses where in the subject matter will be identified with his, or her job, in terms of expected improvement in present job performance and/or preparation for expanded job responsibilities in the future," the manager said. "And, he added, 'the program incorporates that, except in cases involving unusual or exceptional circumstances, the school schedule will be undertaken on the employee's own time.'"

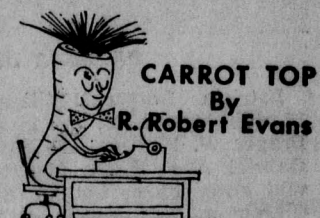

"However," Hacquebord continued, "this does not preclude, entirely, the possibility that approval might be granted for the employee to enroll in a course which . . ."

Shakespeare Jr. And Husbands Bicycle Tour

Shakespeare Club Juniors and their husbands will be enjoying an old-fashioned ride through Griffith Park on a bicycle built for two at 6 p.m. on Saturday, Sept. 18, according to Sports Chairman Mrs. Donald Dragaset.

After the bike ride, Juniors and their husbands will return to the Arcadia home of Mr. and Mrs. Ronald Horst for refreshments, a bongo playing and more old-fashioned entertainment in the form of a community sing. Assisting in planning and refreshments will be Sports Vice Chairman Mrs. Harold Ballmann, Mrs. John T. Nourse, Mrs. Joseph Plamondon and Mrs. John G. Stuart.

Junior's President Mrs. Bruce A. Macfarland has announced that guests and prospective provisionals will be welcome.

CARROT TOP
By R. Robert Evans
One of the biggest celebrations to hit Sierra Madre will be accomplished come February, 1966. Already this date has been noted by the local Veterans of Foreign Wars and plans are in the making for a celebration that will long be remembered by all Sierra Madreans.

Remembers the dedication of the flag pole in Kersting Square, the parade that was so long that the start of it was at the flag pole and the end of it was somewhere around Lima . . . Remember all of the Navy marching teams, drum and bugle corps, the Marines and the members posts all over the valley that participated . . . Well, I'll bet my favorite pair of red and gold socks that the one next February will be a dilly.

The same guy that planned the one for the Flag Pole is at the head of the celebration of the 30th anniversary of the Club House for the Veterans of Foreign Wars, Harry L. Embree Post No. 3208 . . . Wally Boyko is the man, and just watch him go.

Guess what? Forty members of the House Banking Committee are recommending a federal law to prohibit the use of silver coins as collateral security for loans. In other words, money with an intrinsic value is not to be used as collateral. That means, money is not money. Shades of the French Revolution. We have here the height of something and we suspect the proper term might be . . . idiosyncrasy . . . What do you think?

Betha my other pair of socks that this all stems from Las Vegas and their hoard of silver! What's your guess?

We are now well on our way for the school year of '65-66, and soon Thanksgiving will be here and gone, with Christmas close on its heels, did you know that there is only . . . And believe it or not this leaves but 74 more shopping days until Christmas. Does this shake you up a bit? . . . Does me.

Many people seemed to be concerned about the Independent-Star News purchasing the holdings of the Arcadia Tribune, which includes the Temple City Times, Monrovia Journal and other publications. At least, by phone calls to us, it seems that many are concerned.

I fall to see where this will affect the people of this area, after all you do not have to read the paper if you do not like its editorial content, and certainly it is not going to affect your hometown newspaper. I have my first time to see a big daily stoop low enough to clobber a poor weekly . . . It's too costly to them.

Actually the newspaper that I feel sorry for is the Monrovia News Post . . . As I hear it from several different sources they are planning to spend between \$175 and \$250 thousands to modernize their plant, with offset . . . Now with the Star-News chain moving into the area, competition should be real keen, it may take considerably longer to pay for this type of expenditure than management had planned on . . . Only time will tell the complete story . . .

son Junior and Pasadena High Schools. Selected for membership in the honorary service societies of the Auroras and the S Club at Pasadena High, Patricia served as business manager for the year book and was appointed to the Club Cabinet.

She also won honors on the debating team. Her other activities at high school included representation on the Rep, Pep and Youth Councils and membership in Athenians and the Girls' League Cabinet. Having been a regular attendant at Ascension Church since her first birthday, Patricia was a Sunday School teacher there during the past year.

Crib Crop

Mr. and Mrs. Enock Bourgeois of 68 Vista Circle Drive, Sierra Madre, are the very proud parents of a new baby girl, their fourth child.

The new arrival weighed in at 6 pounds, 11 ounces on Friday, Sept. 3, at St. Luke Hospital, and has been given the name Alice Mildred. Awaiting at home to greet their new sister are Janet, age 10; William, age 7, and Marie-Anne, age 5.

Stanford Women's Club Plans Dinner Sept. 22

The Membership Dinner Meeting of the Stanford Women's Club of Pasadena, Junior Division, will be held Wednesday, September 22, at 7 p.m. at the home of Mrs. Paul Helms, 1414 Wilson Ave., San Marino. The dinner meeting will include a wine tasting party with wines provided by Charles Krug.

Mrs. David Bradford of South Pasadena, the president elect, will be presiding over the meeting and will be introducing the following officers: Mrs. Xenophon Anthony of San Marino, vice president; Mrs. Frederic Kroesche of San Marino, secretary; Mrs. Richard Haserot of San Marino, treasurer; Mrs. William Lewis of Glendale, bridge chairman; Mrs. Boyd Biggar of Sierra Madre, membership chairman; Mrs. James Crabtree of San Marino, social chairman; Mrs. F. Jack Liebau of Arcadia, Thrift Shop chairman; Mrs. Bernard Lowe of San Gabriel, scholarship chairman; Mrs. P. Douglas Martin of South Pasadena, phone chairman; Mrs. Thomas Seymour of Alhambra, publicity chairman.

The meeting will include the presentation of Miss Joanne Lee Conant, of San Gabriel, who received the club's full tuition scholarship which is given each year to a Stanford student. The money for the scholarship is provided through Thrift Shop Drives and the Annual Bridge Benefit which will be held this coming year on April 20.

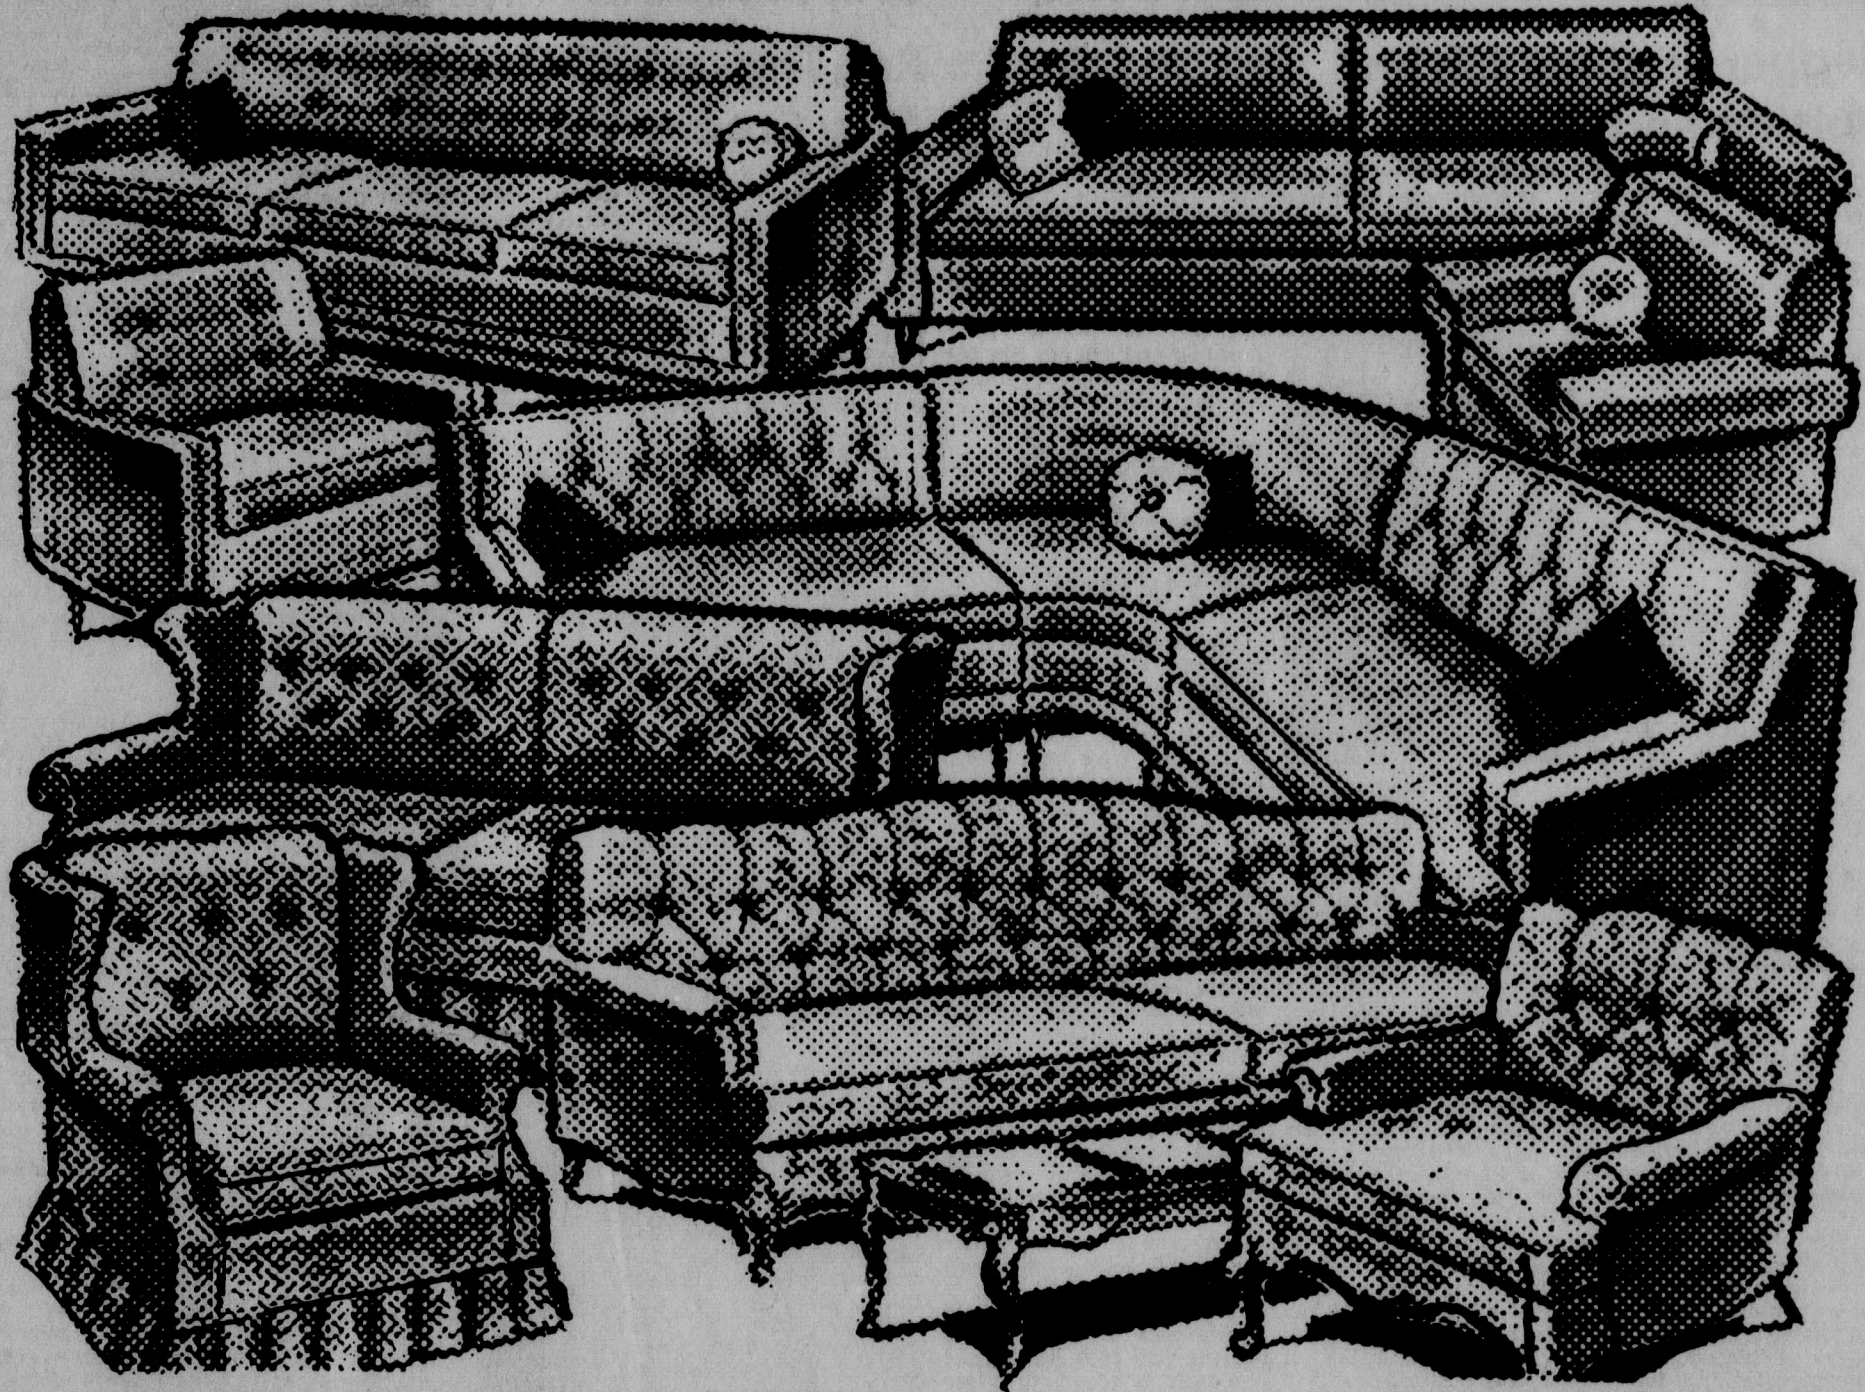

Any woman who lives in the Pasadena-San Gabriel Valley area and who has attended Stanford in the last ten years is eligible for membership in the Stanford Juniors and may make reservations for the dinner with Mrs. William Jackson, SY 9-8373, or with Mrs. Boyd Biggar, EL 5-4426. All new members are the guests of the club at this dinner.

Besides the membership dinner and the fund raising events, the club holds monthly meetings, several social affairs, and monthly bridge meetings. The first social event will be a couples party on October 3 at Balboa Island. The monthly meetings will include a "Tour of Channel 28" and a talk by Dr. Marion Durfee of the Child Guidance Clinic of Pasadena.

**ASWA Holds
25th Annual
Meet Sept. 15-18**

Miss Vera B. Coulter, C.P.A.A., of the Los Angeles Chapter of the American Society of Women Accountants, will be one of the outstanding speakers at the 25th joint annual meeting of the ASFA and The American Women's Society of Certified Public Accountants to be held in the Statler Hilton Hotel, Dallas, Texas, Sept. 15-18, 1965.

Miss Coulter is on the financial staff of the general offices of North American Aviation, Inc., El Segundo. She graduated from UCLA with a B.A. degree and later became a certified public accountant. In 1958-60 she received the "Most Valuable Member Award" of ASWA, and 1963-64 was voted president of the Los Angeles Chapter.

Other members representing the Los Angeles Chapter in Dallas are: Eunice Stockman, president; Lois Tanner, vice president; Pearl Isham, Eileen Griggs and Bernice Miller.

Those attending the meeting will also tour Texas Instruments, Inc., producers of electronic components for the U.S. Missile Base, and Plastics Manufacturing Co., producers of Melamine Dinnerware.

In addition to the technical sessions, there will be a theater party at the Dallas Theater Center (designed by Frank Lloyd Wright), and a ranch party featuring a Texas barbecue.

The American Women's Society of Certified Public Accountants sponsored The American Society of Women Accountants with the purpose and hope of increasing opportunities for women in the field of accounting. The Society began with three members in Indianapolis in May, 1938, and has grown to 3,513 members in 76 chapters throughout the United States, including Hawaii.

Hole In One

Dr. Paul Narcowich of 1460 Old House Road, Pasadena, is in a golfer's paradise. On Thursday, Aug. 26, he made a "hole in one" on the 8th hole at the Santa Ana par three golf course.

The doctor accomplished this "golfer's dream" while he and his family were vacationing at Laguna Beach.

Bonelli Halts

water is not applicable in the case of Puddingstone Dam and some sort of credit and debit arrangement on water purchase and water use should be worked out," Bonelli emphasized, "since waters released from Puddingstone eventually will wind up in the spreading grounds below the Whittier Narrows Dam, percolating underground to bolster the water tables of several M.W.D. subsidiary agencies.

"Local taxpayers are presently paying 5-cents for each \$100 of assessed value to finance water conservation zones to keep the well water tables up in these areas. Some of this money should be used to purchase the water drained from Puddingstone. We could then use the proceeds to buy the new water needed to replenish the reservoir."

If the Puddingstone job cannot be started by October 1, it will have to wait for another year, the flood control officials said. The work has to be timed to coincide with the close of the peak recreational use of the reservoir and the start of the rainy season.

Fire Call

The Sierra Madre Fire Department was called at 11:44 Monday morning, Sept. 13, to 500 Santa Anita Court where a gas refrigerator was smoking and believed to be on fire. Damage was held to the refrigerator only.

News From Your . . . COMMUNITY HOSPITAL . . . Sierra Madre

Carl Griffin, a resident of Sierra Madre at 245 Cuddevant Drive, was admitted to Sierra Madre Community Hospital on Monday of last week following injury sustained in a fall in his home.

Mr. and Mrs. James Lu-Visi, who reside at 141 E. Woodbury Road, Altadena, are this week introducing their third son, Brian Nicolas, who was delivered at Sierra Madre Community Hospital Friday, Sept. 10. His birth weight was recorded as 8 pounds, 3 ounces. Brian's two older brothers are Vincent Matthew and Paul Gregory.

Residents of Pasadena at 1950 Navarro St. are Mr. and Mrs. Ovan Preston, who are happily announcing the birth of their first child, a daughter whom they will call Sandra. She was delivered by Cesarean section Thursday, Sept. 9, at Sierra Madre Community Hospital, weighing 6 pounds, 7 1/2 ounces.

Shakespeares To Meet Sept. 23

The members of the Philanthropy Department of the Shakespeare Club are looking forward with great anticipation to their annual picnic which will be held again this year at the home of Mrs. Roscoe Moss, 40 Chandler Place, Pasadena, on Thursday, September 23.

Among those planning to attend are Mrs. James C. Chambers, president of the Shakespeare Club, and Mrs. Marvin E. Nesbit, director of the Philanthropy Department.

Members and their guests will gather at 11 a.m. and luncheon will be served at 12:15. A large attendance is expected at this party, the last of the summer activities of the Philanthropy Department before the opening of the Shakespeare Club in October.

Las Artistas Luncheon Plans

Las Artistas, women's art club, announces the opening of the fall season with luncheon and a demonstration by Peter Hamlett, of Laguna Beach, Wednesday, September 22, at Rodger Young auditorium, 936 W. Washington Blvd., Los Angeles. Meeting is at 11:15 a.m. and luncheon is at 12:15 p.m.

Newly elected officers to begin their duties for the year: Lee Dunkel, president; Lucile Sloan, first vice president; Katherine Calvert, second vice president; Marion Osterbauer, third vice president; Dorothy Brandt, recording secretary; and Rose Clark, treasurer.

A brief look at the past two weeks found members taking advantage of one of the last warm evenings Thursday, September 2, when they accepted the hospitality of "Red" and Myrt Waite who hosted a steak barbecue assisted by Margaret Pangborn. Setting aside business, casually attracted members enjoyed a relaxing evening before looking forward to a busy activities agenda during the fall and winter months.

At the meeting of Thursday, September 9, committee reports were presented. Royce Bonds, White Canes chairman outlined the publicity and promotion plans and assigned specific duties to the members. 100 per cent participation is expected by

used looking. A frame of and Crystal. The artist, Katherine F. Clarke of Pasadena, has been using crystal and mineral forms as subject matter or as a starting point for more imaginative work since 1950. While she keeps the natural structure in mind, she uses the inner and outer forms, light and color to create something that is satisfying from an artistic standpoint, not to paint a scientific representation. Some of the paintings are quite literal, while in others she may use other natural forms that are suggested to carry out the idea. The other painting has a title of "A Thousand Snows," and is an interpretation by the artist from a specimen of Kernite, which may be seen at the base of the painting.

The Friends of the Library, Mr. Francis Leach, a Sierra Madre music teacher, and Mrs. Katherine F. Clarke, painter, have shared their particular efforts with us all.

Elementary School Menu

Monday - Spanish casserole, buttered spinach, mixed fruit salad, peanut butter fudge cookie, buttered French bread and milk.

Tuesday - Beef on a bun, buttered corn, tomato slice, apple crisp, and milk.

Wednesday - Spaghetti, buttered green beans, cottage cheese on lettuce, cantaloupe cubes, buttered yeast biscuit and milk.

Thursday - Meat loaf, mashed potatoes and gravy, tossed green salad, white cake with strawberry topping, bread and butter, and milk.

Friday - Oven grilled fish and tartar sauce, buttered peas, cole slaw, fruit jello, whole wheat roll and butter, and milk.

Referrals were served at the close of the meeting.

An APOTHECARY Weighs & Measures

"Read Your Tea Leaves Lately?"

Few people have the knowledge of chemistry which would permit them to understand just why so many of "Grandma's cures" really worked. Because of his background, the pharmacist can serve as a source of health information, and can help his neighbors discern those that are worthwhile from others.

TEA, which has been used for centuries is still one of the useful plants in our modern armamentarium, for besides being a popular beverage, especially in dieting, it has three principle ingredients which are important. First, of course, is Caffeine which is a central nervous stimulant (like No-Doz), second, Theophylline, a potent diuretic and then Tannic Acid for the treatment of burned skin.

Turning to the ultramodern, the year's TOP GAIN is the culture of all the known cold viruses. Although this discovery will aid scientists, the day when the common cold will be cured is still years away. In the struggle to conquer the common cold one type of virus looms large - the rhinovirus - but we now know 80 varieties of this one alone! This research, along with the large amount of work being done on drugs to boost the "natural defense mechanism" will eventually bring us success in uprooting our unfriendly common cold.

As Ives Sees It

the crystal ball, Old Hankus sees the Baltimore Colts winning a playoff from the Minnesota Vikings and then edging the St. Louis Cardinals, winners of the Eastern Division, in the pro finals.

Following the Colts and Vikings in the final standings are the Packers, Rams, Forty-Niners, Bears and Lions. The top three have a nice blend of offensive punch, meaning a good passing and rushing game. It's a must for a successful pro club. The Rams don't have the necessary running punch.

Cleveland's Browns will trail the Cardinals and finish ahead of the Cowboys, Redskins, Eagles and Giants.

LITTLE THIS-N-THAT...

If the Bruins come up with three wins this year they will probably come against California, Air Force Academy and maybe Tennessee.

THE ANGELS have built a scoreboard at their new Anaheim Stadium that stands 23 stories high. It is in an "A" frame of course.

COLLEGIATE fishing competition yet... Yep UCLA won the conference title by hauling in the heaviest sacks of fish... Dove hunting in the Imperial Valley this year has been lousy.

ISNT CURT BLEFARY, the Baltimore Oriole golden boy, the most likely American League top rookie, rather than Jose Cardenal or Marcelino Lopez?

WHY DO BOBO OLSON and Sugar Ray Robinson continue to fight? Both are so far over the hill they have no chance of collecting anything but more lumps.

OBVIOUSLY a hot hitting team is not necessarily a necessity for baseball success. A couple of opposites the theory are the Dodgers and Boston Red Sox. Los Angeles has a powder-puff attack while the Sox have a tremendous array of sluggers. Yet just check the standings. The Red Sox may have the first team since 1916 to have three 20-game losers.

HOW OFTEN do you find two pennant winners mired in the second division?

Medicare

curity benefits—who haven't applied because they are still working—should go to the nearest social security district office and file as soon as possible, the Social Security Commissioner noted. Even if they can't collect monthly social security benefits, because their earnings are too high, they will be eligible for hospital benefits.

People who have never worked under social security—or who have not worked long enough to qualify for social security benefits—will need to apply for both hospital insurance and the voluntary medical insurance.

Next spring, Commissioner Ball said the Social Security Administration will mail to each person on the rolls, a health insurance card which he can use like a Blue Cross card when he must go to the hospital. If he has enrolled in the medical insurance plan, the card will show that he is eligible for the payment of those services, too.

The local Social Security Administration District office is located at 740 E. Washington Blvd., Pasadena.

Indians originally used the roots of the Yucca plant for soap.

SYcamore 7-6934

All the mamas have been spinning their wheels for the last two weeks getting the youngsters off to school. Had you been shopping in any one of the department stores you would have been confronted with a whole new type of woman.

She cruised through the stores with a glazed look in her eyes with the youngsters in tow. You'd pick up a chance remark such as "I don't care if your feet ARE killing you, I've told you to wear shoes all summer long!" ... The kids were lagging and mama was dragging trying to do in two days what she meant to do all summer. There was grim determination as her eldest daughter lingered over the fancy hose and the little one was playing tag underneath the hanging dresses. "Oh MOTHER, I just have to have this" was the echo throughout the entire teen department as the "London Look" was displayed for their pleasure. Somehow the gals sunburned noses didn't quite go with the new pale look, but time will soon make them pale and frail looking again.

Now the mothers sit home with that "flat tire" feeling wondering why they are so deflated. Perhaps they launched their last youngster and are wondering what to do with all of the countless hours between eight and three.

Take heart mom ... Christmas vacation will be here before you know it and you can start all over again!

If you happen to be a mom or dad with a child in the Hastings Ranch Nursery School, or if you are interested in the projects they promote you might be interested to hear that they are now making plans for their eleventh annual bridge tournament which will begin in early October and will wind up with a group party in June with the presentation of the trophies. I'm told that the Couples Chairman is Mrs. Peter Crawley. She may be reached by calling 792-1384 if you are interested in joining up. If you'd care to join the Women's Singles group you can call the chairman, Mrs. Jim Reed at 449-3406. I believe they are planning both day and night groups in this category.

For the first time this year they are going to have beginners' classes in both groups. They were fortunate enough to talk Mrs. Helen Wayte, a National Tournament Player and Instructor, into giving the lessons to each group once a month. Mrs. Wayte is the grandmother of one of the children in the school. The beginners will play twice a month. One time will be devoted to lessons and the other to actual playing. The other groups will only play once a month. I know for a fact that the trophies are something to be prized.

Last week the nursery school had an Orientation Coffee for all of the mothers whose children are enrolled in school. The most unique feature was the fact that they invited some of the graduates of the first two classes to pour. That means that these young people were there 12 and 13 years ago when the school

was just begun. The servers were Linda Sue Curry, Sally Styres, Patti Osborne, Susie Oberlies, Roger Oberlies, Scott Oberlies, and Sally Monsour.

Dr. Norman Johnson, a local pediatrician was the guest speaker. He addressed them on the values of nursery school for the younger children.

The Al Dunns of 3238 Villa Knolls were completely surprised last Sunday when the "gang" arrived at 11:30 a.m. with all the fixings for a brunch and bearing gifts for their new house. The party was held by the Dom Glangregorios and the Guy Knudsons. They sent out pale blue handmade invitations with lavender tissue flowers on the front bidding the guests to the party. They were significant of the color scheme that the Dunns have used throughout the entire house.

The main gift for the two of them was a serving cart with a Salton hot tray built in, but for Al there was a special gift. They bought pajamas for him and had them dyed lavender so that they would match the decor of their lavender and purple bedroom.

The couples invited to participate were Mr. and Mrs. James Fay, Mr. and Mrs. Malcolm Murlison, Mr. and Mrs. Robert Farmer, Mr. and Mrs. Bill Olson, Mr. and Mrs. Warren Newton, Mr. and Mrs. John Wardlaw, Mr. and Mrs. Alan Stearns, Mr. and Mrs. Warren Clement, Mr. and Mrs. Brewster Benedict, Mr. and Mrs. Ken Christianson, Mr. and Mrs. Phillip Shepherd, Mr. and Mrs. Eugene Rode, Mr. and Mrs. Charles Harrison, Mr. and Mrs. David Bowman, Mr. and Mrs. Gordon Wright, Mr. and Mrs. C. Don Hays, Mr. and Mrs. Donald Nelson, Mr. and Mrs. Matt Slavin, Mr. and Mrs. Robert Meason, Mr. and Mrs. Ernest Maurin, Mr. and Mrs. William Blakely, Mr. and Mrs. Fred Sawyer, Mr. and Mrs. John Roberts, Mr. and Mrs. Ben Mead, Mr. and Mrs. Eldon Stires, and Mrs. Soflora Olson.

In the congratulations department ... Miss Elena Gutierrez, daughter of Mr. and Mrs. Arturo Gutierrez was awarded her certificate in Vocational Nursing along

Why make a Federal case of it?

☆☆☆

The case for federally-chartered savings associations is airtight. Mutual ownership by savings members... guarantee against control by any single individual or group of stockholders. Earnings shared by members through regular dividends at a rate kept in line with safety. Conservative operational practices, under federal supervision, that must meet the test of periodic on-the-spot examinations—without advance warning. (Important note: Pasadena Federal's soundness record far exceeds the national average even for federal associations...99.66% of current loans in good standing) Plus, automatic insurance of accounts to \$10,000 by a permanent federal agency. Wouldn't you want your life savings to have this trustworthy protection? PEPTONE

by Deedee & Alice

Some of the newer groups have been doing pretty well for themselves, and Dave and the Customs are no exception. Actually, they have been around for five years but until recently they haven't been known. These lads have played on such shows as "North Street West" and "Shebang" and have been booked for a stay at Boss, the new teenage night club.

The boys in this group are fabulous and two happen to be brothers, Mark and Dave Zdunich. Mark plays lead guitar and Dave plays rhythm. The other two, Ken Cook, drummer, and Ron Blue, bass guitarist, finish off the foursome.

These lads have played at the Hollywood Paladium several times and in the next few months are taking a road trip through America and Europe. Their new record, "You Should Be Glad," will probably help to make their tour as successful as most of the kids think it will be.

While in the States, Wayne Montana and the Mindbenders did a little safety campaigning. They paraded around carrying "Drive Alive in '65" signs. From the way people looked at them, you'd think they were crazy. I wonder?

Do you have a name that you think would fit a group perfectly? Well, there happens to be such a group around. They have just been signed with Decca Records, have new Bob Dylan and Sonny Bono songs to sing, and are making a movie. Their only problem is they can't find a name. Any suggestions would be appreciated. Just think, you might name a group that one day may become as great as the Beatles, Byrds, or anyone else. Who knows?

Taxpayers Feel Freeway 'Mole Hole' Too Expensive

By WEST SIDE TAXPAYERS ASSOCIATION

A mole hole is a tunnel dug under the ground by a mole, a creature that can't actually see. . . . The Beverly Hills Freeway route recommended by the state highway engineer has been nicknamed the "Mole Hole" because the planners must have felt California taxpayers were blind as moles and wouldn't notice the \$37,000,000 added expense of this underground freeway route through Beverly Hills.

When a California taxpayer pays 11 cents on every gallon of gasoline towards the cost of constructing highways, he cannot afford to be blind when it comes to freeway budgets. An alternate freeway route was proposed for the Beverly Hills Freeway that would not only better serve the needs of our motorists, but also would save our taxpayers \$37,000,000—This amount equals the tax revenue received on the purchase of 500,000,000 gallons of gasoline.

California taxpayers can find many other uses for \$37,000,000 other than to dig a "mole hole" to appease the city of Beverly Hills. If our State Division of Highways has such an enormous surplus of our tax revenue, perhaps it is time they lowered our gasoline tax.

All California motorist-taxpayers are urged to contact Robert Bradford, chairman of the Highway Commission, Box 1079, Sacramento, Calif., immediately, and demand a stop to the Beverly Hills "mole hole" eating up \$37,000,000 of our tax money.

Want to know something about your favorite singer or singing group? Send a post card to the Sierra Madre News, care of Deedee and Alice, Sierra Madre.

We wouldn't want Beverly Hills to be known as the "Mole Hole" Capital of the World—at least at our expense.

Former Air Force Men Needed States Recruiter

Former Air Force men in nearly 300 career fields are needed immediately to fill vital manning positions. This was announced this week by T/Sgt. Drexel D. Noah, local Air Force Recruiter at 129 N. Marengo, Pasadena.

Sergeant Noah also said that many of the career fields permit re-entry into the Air Force at grades formerly held up to master sergeant. None are in grades higher than master sergeant, Sergeant Noah pointed out.

Although the fields are too numerous to list, major emphasis right now is on former Air Force jet mechanics and communications-electronics specialists. Additionally, a large number of openings are in the construction field.

The Sergeant noted that qualified former Air Force people could leave almost immediately to resume Air Force careers with assignments in the United States and overseas.

Sergeant Noah stated that only a few times in recent years has such an opportunity opened to former Air Force men. He emphasized that the present vacancies may not last long.

He urged interested prior Air Force men to contact him today at the local recruiting office, or phone 795-3922.

Audubon Society First Meeting Of New Season

The Pasadena Audubon Society will hold its first meeting of the new season on Sept. 17, 7:30 p.m. in the lecture hall of the Pasadena Public Library, Walnut St. at Garfield Ave. Slides will be shown by Mr. and Mrs. Mel Horton on the Havasu Canyon, a tributary of the Grand Canyon, and the Havasupai Indian Reservation.

Further information regarding the meetings or the bird walks and field trips may be obtained by calling 796-1613 or 355-6079. A copy of the Wren-Tit, the monthly bulletin of the society, is available on request.

Villa Views

With the rest of her class from Pasadena City College. The ceremony was held last Friday evening at the Calvary Baptist Church in Pasadena.

Another congratulation is in order for Ethel Hays on the occasion of her birthday. She was feted with a luncheon held by Phyllis Hardison at the Annandale Country Club. The girls all brought gourmet gifts for the honoree, but the most exciting gift of all was a little pot of yeast "Starter" for French bread. I look for Ethel to be starting a little bread route soon.

The girls attending were Nancy Rode, Pat Olson, Jean Slavin, Jeanne Paxson, Pat Giangregorio, Carmen Farmer, and Fran Wright.

It was unbelievable to behold the carnival that the young people of this neighborhood put on last Saturday for the benefit of Cystic Fibrosis. The way they worked together in harmony and the results they obtained put their parents to shame.

There was such a spirit of cooperation throughout the entire project and such enthusiasm by all that attended it made you proud to know each and every one of the youngsters. I would love to give credit by name to them all but they deferred modestly. . . . To them goes the real award of the week.

PTA Meet

Wilson Junior High School PTA executive board will hold its first regular monthly meeting on Thursday, September 16, at 9:30 a.m., at East Pasadena Youth Center, with Mrs. Ralph Rule presiding. All officers and chairmen are urged to be present.

Editorially Speaking ...

Ask And Ye Shall Pay

While state and national politicians continue their debate over federal aid programs of all kinds, Uncle Sam just keeps on giving it away in larger amounts.

In fact, according to a compilation of U.S. largess in 1964 by Congressional Quarterly, total federal aid of all kinds of state and local governments as well as individuals increased by 17 per cent in the last fiscal year.

The bill totted up to \$12.8 billion with \$10 billion going to state and local governments and the rest to individuals.

The biggest hikes in federal aid payments, according to CQ, came in four major areas:

—Expenditures on the federal aid highway program rose from \$2.9 billion the previous year to \$3.6 billion in 1964.

—The cost for public health services and research was up from \$888 million in 1963 to \$1.1 billion last year.

—Educational expenditures were up from \$734.7 million to \$876.2 million.

—Outlays for child care increased from \$79.8 million to \$113.8 million.

And California, as usual, received a whopping share of the pie. Total grants to the state added up to \$1,153,938,000 or \$91 for every resident of the state.

Per capita aid averaged \$67 nationally and ranged from \$461 per capita in Alaska, a figure reflecting the massive federal aid poured into the area after its disastrous earthquake, to \$36 per person in New Jersey.

California's share, however, cost the state's taxpayers considerably more than they got back. Some 37 states and the District of Columbia received relatively more aid than they paid in various federal taxes while California and 12 others paid through the nose.

California alone carried 11.43 per cent of the total federal tax burden and got back 9.44 per cent of the total federal aid — a fact which takes a bit of the lustre off the \$300 million plus the state got for its highways, the nearly \$400 million received for public assistance programs, and the balance of the billion dollar federal handout to the state.

In One Pocket -- Out Another

The welfare state comes high — and the price goes higher.

Take these opening words of an AP dispatch: "Millions of middle-bracket taxpayers may be startled next year when they start totting up the bill for medical care for the aged and increased old age cash benefits. For the typical wage earner, the increase in Social Security taxes will wipe out 60 per cent or more of the income tax cut he received in 1964-65."

As an example, the dispatch tells of a man with a wife and two children earning \$6,600 a year, which is the top base on which social security taxes are levied and which is also about the national median income. His income tax reduction was around \$140. Next year's social security tax boost will take something like \$103 of that — and, under current schedules, there will be a further increase of \$13 in 1967 and still another of \$33 in 1969.

In other instances, taxpayers in the middle brackets will find that their social security plus income tax bill is actually larger than it was before the much-ballyhooed income tax reductions went into effect.

Here is a perfect example of how the government puts money into one of our pockets — then promptly taxes it out of another. And if the drive toward a welfare state continues, the take-out is going to be vastly larger than the put-in.

National 4-H Club Week

Whatever you're doing and wherever you live — during the week of September 25 through October 2 — you should give attention, interest and support to an observance that will take place at that time. It is National 4-H Club Week.

It would be difficult to praise the 4-H movement too highly. Because of it, great numbers of boys and girls are helped to learn the fundamentals of farming — and farming, in these days, is a combination of business, art and craft. The ancient virtues that are an implicit element in land and nature are combined with the technology of today.

We live in an increasingly urbanized society. Inevitable as that may be, a very great deal of the strength and the character of this nation is found in the rural side of its life. The land, and those who work the land, feed and clothe and sustain us. And there, away from the congested cities with all their problems, is the strongly beating heart of America.

There are no juvenile delinquent in the ranks of 4-H. They carry on those traditions — pride of purpose, fair dealing, independence, consideration for others — that are so vital to that heartbeat.

Crime Stopper

The way crime marches on, America is worried. FBI statistics show that it is growing six times faster than our population. Cries of "Do something" — sincere, even anguished cries — are heard daily.

President Johnson, striking at "the unjust conditions from which disorder largely flows" ordered a special summer hiring program for "needy" juveniles to keep them off the streets and out of temptation's way. So, what happened?

According to Washington columnist Ruth Montgomery, of the 8,685 youths hired by the Post Office Department under the program, 3,380 had been recommended by congressmen. Among those hired were a nephew of Vice President Humphrey, the son of a Texas Democratic representative, a nephew of a California congressman, a nephew of the South Dakota State Democratic chairman, two officials of the Young Democratic organization in Iowa, and the son of the president of the Indiana Federation of Labor (AFL-CIO).

Now that they're off the streets are we supposed to breathe easier?

A large crowd is expected Thursday night when Dr. Narowich will moderate the debate between John Curtis, president of the Chamber of Commerce and Elena Brown in the advisory room of the Sierra Madre School on whether Sierra Madre voters in a special election will approve the proposal to annex their school to Pasadena District.

Steve Luder was elected president of the Youth Council Group at their first meeting of the new school year; Bruce Rowe is the vice president.

Several women were victims of "raiding pocket-books" thief at the Sierra Madre Methodist Church during services there Sunday. The thief was apprehended in Burbank Thursday, and 90 pocketbooks and billfolds were found in his car.

City Council is all equipped with new microphones, and voted to open all its sessions with prayer. One of the last communities in Los Angeles area to do so.

Don Jackson, representing the Chamber of Commerce, gave the "official welcome" to Mr. and Mrs. Hornaday, who recently opened their new department store at 154 W. Sierra Madre Blvd.

Lola Rudbach is continually having to explain her two black eyes as she sits behind her desk, and as she leaves her desk, her left foot in a cast brings on more inquiries — she was in a car accident last Thursday evening. The car she was in skidded on loose gravel at the corner of Mountain Trail and Highland.

Members of the Chamber of Commerce and Veterans of Foreign Wars, are discussing plans to install 82 flag stands in the downtown area so that we can display our American Flag during appropriate holidays.

In a reorganizational plan, the Sierra Madre and lower and upper Hastings Camp Fire districts will be combined in order to give better efficiency and provide better field service.

Sierra Madre gets its first automatic street sweeper, ordered a year ago. It just arrived and was first tried out today by Samuel Mercer who is retired from the City street department.

Alfred Dewey, designer of the Sierra Madre float to be seen in the Tournament of Roses parade, says there is not an abundance of flowers this year and is appealing to local home gardeners to come through with some of the 50,000 flowers needed

to decorate the float.

Do you realize that 500 boys and girls from our little community of Sierra Madre have been actively engaged in conflict of World War II?

A rock crusher plant permit was asked of the City Council, and it was termed by citizens that the noise, dust and confusion would lower property values. The ground to be used was the City's water plant which cost the taxpayers \$67,379.28. No action was taken, but was referred to City Business Manager Al S. Myers who was out of the city on vacation.

Safeway was advertising Fancy Steer Beef Prime Rib at 22 cents a pound; one-pound loaf of bread for a nickel and coffee at 18 cents a pound.

Forty-six new faces were among those enrolled at Sierra Madre Grammar School but enrollment dropped from 383 to 371. St. Rita's enrolled 85 for the start of the school term.

It was the decision of the women of the town to have a float in the New Year's Day Parade, and residents were called upon to immediately plant sweet peas, and stock in lavender color. They were also told that as time progressed they would be given instructions on how "to force the early blooming and growing of the flowers."

Reapportionment A Must

Special Session Asked By Bonelli of Senate-Assembly

On motion of Supervisor Frank G. Bonelli, the Board of Supervisors recently instructed the County Chief Administrative Officer to prepare a report covering all County "for the earliest possible date" on State Senate-Assembly reapportionment.

Following the meeting, Supervisor Bonelli noted that word has been received that the Governor has set a special session of the Legislature to begin on September 20.

"Our Registrar of Voters will need substantial time within which to set up the procedural steps necessary to carry out elections under the new alignment of districts and to compile the lists of precincts, sample ballots and the like," Bonelli emphasized in calling for the prompt special legislative session.

Supervisor Bonelli, long-time advocate of State Senate reapportionment, has hailed the State Supreme Court's ultimatum that both the Senate and Assembly must be reapportioned by no later than December 9 of this year.

"This is a fair representation Utopia," Supervisor Bonelli declared. "The reapportionment of both the Assembly and the Senate simultaneously thus will accomplish the complete job of compliance with the 'one-man, one-vote' concept of the Federal Court."

"The State Supreme Court decision leaves no doubt and spells out implicitly the pattern for the State Legislature."

lature to follow in the achievement of the Court's mandate. Failure of the State legislators to comply promptly at the earliest possible special session, under such a set of circumstances, would be a dilatory move and an affront to the laws of the State they are elected to uphold."

Bonelli said he believes that this final judicial action by the State Supreme Court will restore proper representation to the people of California, especially to those in the urban-suburban heavily populated areas, and will insure Southern California and Los Angeles County of obtaining a rightful share of State fund entitlement commensurate with the heavy tax load they bear.

"Accordingly, such reapportionment should relieve our over-burdened County property taxpayers by assuring a fairer share of state school aid, gas tax subventions and more adequate welfare, crime, law enforcement, courts, and probation support, among other legislative relief," Bonelli asserted.

"Reapportionment based on equal representation, so long overdue, can and will prove to be a blessing and invaluable to the State of California."

Expectant Mothers To Meet Sept. 20

A class for expectant mothers will be conducted for San Gabriel Valley residents beginning September 10. The ten-lesson series will be held on Monday mornings from 9:15 to 11:15 a.m., at 2495 E. Mountain St., Pasadena. Registration information may be secured by calling the Extension Training Center: 355-7661. Enrollment is limited.

Instruction for child-bearing involves intellectual, emotional, and physical preparation. The woman accepting the responsibility of self-control, study, and exercise in order to be equipped for her labor and delivery is more apt to be poised and confident. As a result she may have a shorter labor and make a more rapid and complete recovery.

The morning sessions include discussions covering pertinent topics for the mother-to-be plus individual instruction in exercises promoting comfort and fitness during pregnancy, special relaxation and breathing techniques for labor and delivery, and postnatal exercises which aid in the rapid return to the normal non-pregnant state.

The Childbirth Education Program is under the American Institute of Family Relations and includes four evening lectures given by a physician especially designed for the expectant couple.

Micah Jeide Celebrates 2nd Birthday

A cowboy motif was chosen as the theme at the recent birthday celebration of Micah Jeide, son of Mr. and Mrs. Mike Jeide of 108 N. Baldwin, Sierra Madre.

The guest of honor was attired in a complete cowboy outfit to commemorate his second birthday anniversary and with his sister, Heide Anne, age 8½, greeted the guests which included grandparents, Mr. and Mrs. Pete Brown of Temple City; Mr. W. Jeide of North Hollywood; aunt, Miss Pat Jeide of North Hollywood, Mr. and Mrs. William Hanchey and Mr. and Mrs. J. Farero, all of Los Angeles.

Also helping Micah to celebrate were Mr. and Mrs. Nels Holte and Cindy, Mrs. Margaret Miller all of Sierra Madre; Mr. and Mrs. Ted Lichtenburger and Gretchen and Karen of Charter Oaks; Mrs. Pearl Blummer and son, Billy, of Los Angeles.

Unable to attend but remembering the occasion were great grandmothers, Mrs. Margaret Walton, en route home from Europe; Mrs. Alice Brown, ill and in the hospital, and grandparents, Mr. and Mrs. William P. Robb of El Paso, Tex.

SMWoman's Club New Member Tea To Open Season

Sierra Madre Woman's Club, with the new president, Mrs. Roy E. Griffin, is planning a New Member Tea for the opening of the 1965-1966 season. It will be held at the Woman's Clubhouse, 270 W. Sierra Madre Blvd., at 2 p.m. Wednesday, Sept. 22.

At this time Mrs. Griffin will introduce her membership chairman, Mrs. H. B. Singleton, and Mrs. Alan Born, who are bringing in a number of new members and extending a cordial welcome to any newcomers to the city who happened to have been missed to come in and learn a little of what women's clubs are all about.

There will be some musical entertainment and lots of conversation and getting acquainted. Tenor soloist, Richard Froeber, long-time favorite with women's club audiences, will sing.

Tea arrangements for this occasion are by the Executive Board, Mrs. Raub McKim and Mrs. J. C. Dibbern, first and second vice presidents, will pour and Mrs. Archer S. Frey, with her usual artistic touch, will show a lovely fall decorative scheme on the tea table.

Missionary Society Singing Group

The Bethany Church Missionary Society at 93 N. Baldwin in Sierra Madre will present the singing group from Overseas Radio, Inc., at their first fall meeting Tuesday, Sept. 21, at 12:30 p.m. This first meeting will be a luncheon meeting under the direction of their president, Mary Schaper.

This outstanding radio-TV-musical ensemble, the "Heavenly Melody" group, is known for its effective ministry throughout the Island of Taiwan and its radio ministry into Red China. Its director, Mr. Lee Haggerty, has been in Taiwan since 1957 and is now directing a staff of 42 in releasing programs from Manila, Singapore, Okinawa and Taipei. The tour of the group includes concerts in Los Angeles, Seattle, San Francisco, Oakland, Denver, Chicago, New York and Minnesota.

Concerning his group, the Central Daily News of Taipei, the largest newspaper in Taiwan, stated: "The choir representing Overseas Radio, Inc., is influencing the music standards of our culture to new ideals. It is the best musical organization in this area."

The public is cordially invited to attend the concert and further information may be obtained by calling the church office at 355-1409.

Week Long Preaching Session

Dr. J. Edwin Orr, chaplain at large, in association with International Christian Leadership, will begin a week-long preaching mission at Bethany Church of Sierra Madre, 93 N. Baldwin, on Sunday evening, Sept. 19 at 7 o'clock. Dr. Orr will preach at the invitation of the congregation, led by Dr. Robert N. Schaper, pastor, every night beginning at 7:30. Orr's ministry is of a worldwide nature, having traveled in 140 of the 150 major countries of the world. His approach to evangelism is somewhat different than the usual mission. His meeting is conducted in two parts. The first session deals with a specific problem and then the second half deals with the practical Biblical answer.

Dr. Schaper will preach at the 11:30 a.m. service on Sunday, Sept. 19, following a four-week absence from his pulpit. Pastor Schaper cordially invites the public to attend these meetings from Sept. 19 through the 26th, except Saturday evening, Sept. 25. Special music and other features will be a part of the service.

Rev. Armin Hesse Sermon Series 1st Epistle Peter

Under the theme "You're — A Life Full of Hope!" the Rev. Armin Hesse will introduce a series of sermons on the First Epistle of Peter in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive.

He states: "Everyone harbors some hopes within. We encourage each other never to lose hope. But what assurances do we have that our hopes will be realized? What is really worth hoping for? The Apostle Peter, often called 'The Apostle of Hope,' shows us that what and the why and the how of Christian hope." The Sunday theme will be "Chosen and Born for Such a Life of Hope."

The fellowship coffee hour sponsored by the Mr. and Mrs. Club, will be held in the patio area after the service with Mr. and Mrs. Edgar Plischke as hosts. Reverting to the regular Sunday school time at 9:15, the pupils will be shown the Coronet Guidance film, "Right or Wrong?" This film depicts a situation which involves a difficult decision. The group discussions will center on the importance of helpfulness, honesty, and factuality, according to Superintendent Donald Meuser.

The Sunday school staff will meet next Wednesday evening at 7:30 to make plans for the new year which begins in October.

Rev. Shelby Light Announces Sunday Services

Rev. Shelby J. Light, interim minister, will be preaching September 19, using the subject "Our Prayers." Following the sermon there will be a "Talkback" on opportunity to raise questions and discuss issues presented in the sermon. This will now be a regular feature at the church.

Also there will be registration of Sunday School pupils. This will take place at 9:30 a.m. Much of the registration can be completed by the time of the morning worship service at 10 a.m., but registration is possible at any time up to 11 a.m.

Janet Lisle Returns To Stephens College

Miss Janet Lisle, daughter of Mr. and Mrs. Loran William Lisle, 305 E. Orange Grove, Sierra Madre, will return this month to Stephens College, Columbia, Mo., for her sophomore year. Dr. Barnhart Announces Lesson-Topic

"The Power of Endurance" is the lesson-topic of Dr. Ethel Barnhart at the Santa Anita Church, 226 W. Colorado Boulevard, Arcadia, at the 9 a.m. Family Worship Service and the 11 a.m. regular worship service Sunday morning, September 19.

"Enduring faith in spite of all appearances, opens the way for the Presence and Power of God, the good, to manifest in and through daily living," says Dr. Barnhart. For the convenience of parents, care for infants and very young children is provided during both services.

Children from kindergarten through eighth grade and young adults of high school and college age all meet during the 9 o'clock service.

"Accredited courses in the application of basic spiritual laws in every area of living, resulting in greater health, happiness, supply for all needs, peace of mind, and realization of brotherhood will begin the early part of October. A Bible Interpretation class will help awaken us to the illimitable power of good for man hidden in its pages. These tutorial classes are open to the public. Enrollments are being taken. Please call HI 6-8206 for further information," Dr. Barnhart pointed out.

She continued, "Spiritual help is offered you day and night by calling HI 7-6162."

Seal Beach in Orange County has the world's longest fishing pier.

Stephens will be Parents' Weekend, to be held October 22-24. Parents will attend classes with their daughters and take part in special activities planned for them.

Lesson-Sermon 'Matter' Sunday, Sept. 19

"Lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (Matthew 6:30).

This passage from the Bible will be the Golden Text for all Christian Science churches on Sunday. The subject of the Lesson-Sermon is "Matter," and it will feature the story of Job.

Quotations to be read from the Christian Science textbook include the following: "Job said: 'I have heard of Thee by the hearing of the ear: but now mine eye seeth Thee.' Mortals will echo Job's thought, when the supposed pain and pleasure of matter cease to predominate. They will then drop the false estimate of life and happiness, of joy and sorrow, and attain the bliss of loving unselfishly, working patiently, and conquering all that is unlike God" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 262).

CITY OF SIERRA MADRE, CALIFORNIA

NOTICE OF INVITING BIDS FOR CONSTRUCTION OF SUFFOLK AVENUE STREET IMPROVEMENT DISTRICT ASSESSMENT DISTRICT NO. 86

Pursuant to statute and Resolution No. 2169, adopted August 24, 1965, by the City Council of the City of Sierra Madre, California, and an act of the Legislature of the State of California designated as the "Improvement Act of 1911," as set forth in Division 7 of the Streets and Highways Code, sealed proposals will be received at the office of the City Clerk of said City, 35 West Sierra Madre Boulevard, Sierra Madre, California, until 9:30 o'clock p.m., on October 12, 1965, for furnishing all plant, labor, materials, and equipment for construction of street improvements in Suffolk Avenue Street Improvement District. The work includes the improvement of 1,100 feet of street and 325 feet of alley. Said work is more particularly described in Resolution of Intention No. 2169, adopted August 24, 1965, by the City Council of said City. All work must be completed within 45 calendar days after date of execution of the contract.

As a separate bid, proposals will also be received at the time and place above set for the construction of a municipal parking lot of approximately 23,500 square feet adjoining said Suffolk Avenue construction. The specifications for said parking lot are contained within the contract documents for Suffolk Avenue improvement, but said parking lot is not a part of said 1911 Act proceedings and separate contracts may be awarded.

The proposals will be publicly opened and read by the City Council in the Council Chambers of said City on the date and at the time above-mentioned. Plans and specifications and all contract documents may be obtained at the City Clerk's Office of said City, upon payment of a deposit of \$10.00 for each set of specifications and accompanying drawings. Said deposit will be refunded upon return of the specifications and drawings in good condition within 30 days after the proposals are opened. The specification is entitled "SPECIFICATIONS FOR SUFFOLK AVENUE STREET IMPROVEMENT DISTRICT ASSESSMENT DISTRICT NO. 86, AND IMPROVEMENT OF MUNICIPAL PARKING LOT."

Each proposal must be accompanied by certified check in the amount of ten (10) per cent of the aggregate amount of the proposal, by a bid bond for that amount signed by the bidder and two sureties, or by a corporate surety bond, as a guarantee that the bidder, if an award is made to him, will promptly execute a contract in the required form not sooner than 10 calendar days following the date of publication of the Notice of Intention, or longer than 25 calendar days following the date of publication, will secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of the last-mentioned bonds shall be in the sum of not less than 100 per cent and 50 per cent respectively of the estimated aggregate amount of the payments to be made under the contract. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

Pursuant to applicable provisions of the Labor Code of the State of California, not less than the general prevailing rates of per diem wages and not less than the general prevailing rates of per diem wages for less than 24 hours work, for each craft or type of workman, as ascertained by and set forth in the schedule of such wage rates approved hereinafter set forth and adopted by the City of Sierra Madre, California, shall be paid to all workmen employed on said work by the Contractor or by any subcontractor who is contracting to do any part of said work, which schedule of wage rates is as follows:

L.A. Population Now At 7 Million Says Bonelli

The population of Los Angeles County reached an estimated total of 6,885,794 at mid-year, Supervisor Frank G. Bonelli reported recently. This is an increase of 64,589 during the first six months of 1965 and a gain of \$43,094 or 14 per cent since the census of April 1, 1960.

A major portion of this continuing growth has occurred within the City of Los Angeles, the County Regional Planning Commission advised. The city's population on July 1 reached an estimated 2,738,375. Represented in this new figure is a 1965 six-month gain of 26,207 and a rise of 256,780 or 10.3 per cent since the 1960 census.

The population of the remaining 75 cities in Los Angeles County reached 3,036,379 on July 1. This is a gain of 25,207 since the first of the year. In the same period, the population of the unincorporated area increased 13,175 to reach a mid-year total of 1,111,040 or approximately 115,000 more persons than were reported in the 1960 Census.

The population ranking of the county's ten largest cities remained basically unchanged during the quarter. However on July 1st Downey and Norwalk exchanged positions with Downey assuming seventh place. The July 1st population estimates for these ten largest cities were as follows: 1. Los Angeles, 2,738,375; 2. Long Beach, 373,534; 3. Glendale, 134,404; 4. Torrance, 132,636; 5. Pasadena, 123,951; 6. Burbank, 97,303; 7. Downey, 94,790; 8. Norwalk, 93,738; 9. Santa Monica, 88,618; and 10. Inglewood, 86,846.

Junior Symphony Auditioning Young Musicians

The San Gabriel Valley Junior Symphony is announcing auditions for advanced young musicians beginning September 15 to fill a limited number of vacancies created by graduating seniors.

Kenneth R. Weidaw, coordinator for music on the educational services staff of the Arcadia Unified School District is musical director of the Junior Symphony and states that information and appointments for auditions may be obtained by calling Mrs. M. L. Gould, San Marino, 792-6946; Earl Strang, La Verne, LY 3-4171, or Mrs. H. F. Pair, Covina, ED 1-5082. Membership is open to qualified musicians between the ages of 12 to 20. String players especially needed. Rehearsals will begin Wednesday, September 29, at 6:30 p.m. at San Gabriel High School Music Room in San Gabriel.

The orchestra is made up of some 87 musicians from 17 school districts throughout the San Gabriel Valley. Founded in 1950, the group provides symphonic orchestral training for talented youth and presents concerts throughout the year for the public in various locations in Southern and Central California. The Junior Symphony is intended to complement the student's regular school musical training and private instruction.

Creative Arts Open Adobe For Fall Session

The Creative Arts Group this week opens The Adobe at 37 E. Montecito in Sierra Madre to begin registration for the 1965 Fall Session. Emphasizing the newly-equipped pottery workshop, the session starts the week of October 11 with all kinds of art activities offered in small classes stressing the creative approach. Most of the workshops meet once a week and continue for 12 meetings with one week's vacation at Thanksgiving and two weeks out at Christmas.

Adults may choose between morning, afternoon or evening workshops in painting, drawing, mosaics, tissue paper collage, copper enameling, creative stitching, clay, stone, wood or metal sculpture, pottery, dance exercise, and guitar and folk singing. A special introduction to general art is arranged in exploratory art.

Workshops for teens meet evenings and Saturday mornings and include clay sculpture, pottery, drama, guitar and folk singing. Children's workshops are available afternoons and Saturday mornings in creative art, dance and drama, pottery, and guitar and folk singing. Youth group projects led by volunteers from the staff of the Creative Arts Groups as a community service are being offered again this year.

For further information on all activities of this non-profit organization phone 356-1450 Monday through Friday between 10:30 and 2:30.

Letters to the Editor

Dear Editor:

An important breakthrough on discriminatory property taxation of railroads occurred recently in Cook County, when Illinois Supreme Court ordered a \$330,837 refund to Burlington Railroad for over-taxation in the year 1957. This is the tax steal from one railroad, for one year, in one county, of one of 24 states, in which tax gouging of railroads is a time-honored abuse.

California is one of these states. A threatened lawsuit, several years ago, resulted in a promise of gradual reduction of double assessment. This promise was promptly lost in a maze of political subterfuge.

Tax proceeds are used indiscriminately for highways, airports, waterways and other indirect subsidies to railroad competitors. Thus bureaucrats are in a position to determine the predominant mode of transportation. It is high time that

administrators of Mid-Victorian transportation policies understand that railroads were built in good faith to provide vital transportation service. Tax looting for the benefit of reckless political spendocracy severely hampers their ability to serve us.

Area Resident Named As Peace Corps Volunteer

Francis Dane III, son of Mr. and Mrs. Francis Dane Jr., of 566 Manzanita, Sierra Madre, has been named a Peace Corps Volunteer, having completed training, and is now on the way to Nigeria.

These are among the first volunteers to start training for their Peace Corps assignment during the summer between their junior and senior years of college. This program enables future volunteers to coordinate their studies in their last year of college with upcoming overseas assignments. Final Peace Corps training is completed immediately after graduation.

Volunteers in this group will teach in secondary schools in the Eastern Region of Nigeria. They will replace Peace Corps volunteers who have completed their two years of service.

With the arrival of this group, nearly 700 Peace Corps volunteers will be serving in Nigeria. A majority of these are teaching in secondary schools. The rest

are teaching in universities and working in agriculture and rural community development.

The new volunteers spent the summer of 1964 training at the University of California at Berkeley and the summer of 1965 at Morehouse College, Atlanta, Ga. They studied Igbo, the language of their area of assignment, and received special education courses as well as courses in African area studies, United States history and world affairs. They practiced their teaching in schools near the training site.

The departing volunteers join the 10,000 other Peace Corpsmen working in 46 nations of Asia, Africa and Latin America. Despite these numbers, many more volunteers are needed. Applicants interested in starting a two-year Peace Corps assignment this winter should complete and submit a Peace Corps Placement Test, which is given throughout the country the second Saturday of each month. All pertinent information can be obtained at post offices or by writing the Peace Corps, Washington, D.C. 20525.

Anyway I'm not worried one little bit.

—CT—
I re-read Beatrice Iffrig's letter to the editor, published this past week. . . . She must be getting old like me, and getting to the place where she cannot tolerate the younger generation.

—CT—
Of course I doubt that local businessmen rent houses to a group of teenagers. . . . Maybe like anywhere else in the city teenagers do congregate in various homes, but we must all contend with this. . . . Many nights I am awakened by hi-fi and carryings on of teenagers in my area, but I don't flip my lid. . . . In fact all summer at certain dates on Saturday nights I was kept awake with square dances by adults in the park area. . . . One thing you can always be sure of is that it will end, and when it does everything seems so peaceful and quiet. . . . I can remember the older generation were all very happy when things quieted down for them and jazz, jitterbugging, Charleston and such was quieted for the evening. . . . Let's live and let live. . . . Life is short at its best.

—CT—
I will close the column for this week with the following remarks, which I do hope will give you an insight on human participation. . . . "This country was founded by men and women who were afraid. Wars are won by men who are afraid. Confidence is an ally of defeat. Fear builds muscles. Contentment adds fat. Fear gives drive. Satisfaction hunts the shade." I hope, I hope, I hope.

Class To Start For Real Estate License Sept. 20

The Pasadena Board of Realtors is conducting an up-to-date program for preparation for real estate license examinations. The eight-week educational program — including 15 lessons — will be conducted in the office of the Board of Realtors, 456 N. Los Robles, Pasadena, each Monday and Thursday, 7-9 p.m., starting September 20. Two important text books are included in the entire nominal fee of \$35.

Expert education is provided by Maitland Bishop, local attorney, honorary member of the Pasadena Board of Realtors; and John Grech, own of John Grech Realty, 235 N. Lake, Pasadena, prominent Pasadena Realtor and past president of the Pasadena Board of Realtors.

The up-to-date program provides individual instruction, providing a very effective course for those persons interested in applying for Real Estate licenses.

Registrations are now being accepted at the office of the Pasadena Board of Realtors, 795-7076.

Bonelli Asks About Cost Of Angeles National Forest

Los Angeles County supervisors recently adopted a motion of Supervisor Frank G. Bonelli urging the Governor to call a special session of the California Legislature

The County Watershed Commission will consider the report at its October 15 meeting, Bonelli said.

"The purpose of this report is to establish comparative data to determine the extent of County participation with the Federal government in the preservation of Angeles National Forest lands from the ravages of forest fires and flash floods," Bonelli explained.

"It is a strong belief, expressed by members of the Commission that: (1) The County is at least matching the Federal government dollar for dollar, and that

(2) The Federal government is probably falling behind on its commitment over the ten year program for the improvement of the Angeles National Forest.

"As you know, the Watershed Commission is composed of representatives of the various foothill area of the County, a representative from each of the five supervisorial districts and representatives of various public agencies. The membership includes such public officials as County Fire Chief Keith E. Klinger; Flood Control Chief Engineer Walter J. Wood, and U. S. Forest Supervisor William T. Dresser.

"It was the consensus of the Commission membership that this report will show an alarming lag in the Federal government expenditures while Los Angeles County is far exceeding any other county in the nation in its record of financial assistance to a forest area."

The report will include expenditures by the County on all work accomplished by the County Forester and Fire Warden, on juvenile camp labor on roadside work and fire roads, and all of the Flood Control District's work to eliminate hazards and to handle flood runoff at debris basins.

Immunization Clinics For Valley Area

Special evening immunization clinics will be held Thursday, September 16, at three major Los Angeles County Health Centers in the San Gabriel Valley area, announced Dr. Herbert Meehan, District Health Officer, Pomona Health District.

No appointments are necessary for these special clinics, which will be held from 6 to 8 p.m. in order to accommodate those working parents who cannot take their children to regular daily health office clinics. Immunizations against the four dangerous, but preventable, diseases, diphtheria, whooping cough,

tetanus, and polio will be given free of charge to children under five years of age.

Dr. Meehan stressed that any parents who have doubts about their children being protected against these diseases, should visit their family doctor or nearest County Health Center at one of the following addresses:

Alhambra Health Center, 612 W. Shorb St., Alhambra; El Monte Health Center, 3550 N. Eastmont Ave., El Monte
Pomona Health Center, 280 W. Fifth Ave., Pomona.

Take your problems to CHURCH this week -- millions leave them there!

In mills and factories across the country, they never stop working. By night as well as by day, the wheels of commerce grind out the goods we need as a nation.

It's a twenty-four hour job, this business of production, and it's a vital job — to you, your family, your town, our whole country. Like most vital jobs, it can't be stopped.

Faith is a vital job, too. It isn't simply something that God gives you, free of charge, on Christmas and at Easter. You have to work for real faith. You have to earn it. You have to keep at it.

Fortunately, to help you gain and sustain this vital faith, you have the Church to guide you. Start attending every Sunday and there absorb the wonders of God's teachings.

THE CHURCH FOR ALL — ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Nehemiah 4:15-23	Psalms 104:24-35	Matthew 24:36-44	Luke 13:10-17	John 6:26-34	1 Corinthians 3:10-15	Ephesians 2:1-10

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.
